# DOMUS®

# X-WAVE-8
## LED Wall Light

## Description

The X-Wave offers a contemporary alternative to traditional wall lights. From the unique angular shape to the lighting effects created the X-Wave is a real statement piece. Made from a high quality cast aluminium the X-Wave is then surface treated before a polyester powder coat is applied. The attractive wall washing effect draws attention with an amazing 25° upward illumination to a wide 45° downward light. Installation is made easy with an integral LED driver. With a IP54 rating the X-Wave makes a stunning exterior fixture but at the same time equally good as an internal fixture.

## Specification Features

| | |
|---|---|
| Size: | (W) bottom 74mm x (W) Top 53mm x (H) 139mm (P) 135mm |
| Frame colour: | Black, Silver, White |
| Light source: | High intensity SMD LED |
| LED type: | SMD |
| Colour Temperature (K): | 3000K - 5000K |
| Lumens (lm): | Warm White 3000K - 500lm |
| | White 5000K - 580lm |
| CRI: | >85 |
| Wattage (W): | 8W (2x4W) |
| Input Voltage (V): | 240V AC |
| Beam Spread (°): | Up 25°, Down 45° |
| IP Rating (IP): | 54 |
| Lifespan (hrs): | 40,000 |
| Mounting: | Wall mounted |
| Dimmable: | No |
