

Worvo

Pendant

Marc Pascal's Worvo light pays homage to the curves of the female figure. The name *Worvo* is derived from the words weave and torso. The light is composed of 24 vertical polycarbonate members, with each piece made to order to your colour preferences.

We offer a selection of different colour sequences ranging from full saturation of colour down to classic whites and anything in between. The Worvo is a graceful and symmetrical light, where you can add your own personality using colour and light.
